HOW MUCH CAN I BORROW?

If you are a consumer and you are looking to purchase on a finance agreement, we recommend that you check how much you might be eligible to borrow before you apply. This will not only let you know if you are likely to be approved for finance, but it will also tell you how much you could borrow.

- Does not impact your credit rating.
- Allows you to increase or decrease the order value before you apply.
- Helps you to adjust the order value to within your borrowing limits.
- Quickly informs you should you not be eligible for finance.
- Helps you decide how much deposit to pay by credit card and how much to pay on a finance agreement.
